"MARRIAGE GAME" PAIR APPEAL TO HIGH COURT

Joseph Miller, under arrest here on a New Jersey indictment charging him and an attractive young woman known only as Jane Doe with working a double-headed "marriage game," today carried his fight against extradition to New Jersey to the Supreme Court. The game of the pair, according to Jersey police, was for the girl to make herself attractive to men, go through a marriage ceremony with a man, borrow money for certain purchases and disappear. The sum "borrowed" from the duped bridegroom was for some unexplained reason invariably \$4,200.

The Golden Dawn.

A WELL-KNOWN diamond, called "The Golden Dawn," for its brilliant yellowish tint, sold at auction yesterday for only \$24,750, half its appraised value. It was bought by the Aga Khan, wealthy Indian prince, who races horses and had a mortgage on the diamond.

THAT INDIAN is said also to have a mortgage on the credit of many corporations. That mortgage pays well, better than racing or diamonds.

THE low price of the diamond is attributed to dealers' worry about recent diamond discoveries in South Africa. But don't throw away your diamonds.

AS A BIG income taxpayer, you had prepared smiles for the \$250,000,000 refund, change your smiles to tears.

GIRL CHUTES EDE GREENE WEDDING PLAN; O'BRIEN GRILLS TIERNEY

A mysterious illness that kept Edith Louise Greene, victim of the New Calvary tragedy, at the Canton State Hospital, was what interfered with her contemplated marriage to James Vincent Ford, it was testified in Superior Court today by Betty Landry.

Betty and blonde, the former girl chum of Edith Greene took the stand as the first witness in the trial of Dr. Thomas E. Walsh, wife and Ford on charges in connection with illegal surgery and Edith Greene's death.

The courtroom was jammed to the doors, while in the corridors was an overflow crowd, unable to gain admittance, but sufficient to fill three rooms of the size.

Edith was wearing a fur-trimmed blue velvet coat and a small gold earring, but, as she testified to working with Edith Greene, State ward in the Psychopathic Hospital, Edith told her of her friend.

ship with "Jimmy" Ford, the witness said, and admitted her love for him and their intention of marriage.

Then one day, Betty said, she had talk with Ford in the prison. This was after Edith had gone to the Canton Hospital and Jimmy, the witness said, seemed disturbed over Edith's mysterious ailment and questioned Betty about her treatment.

Under cross-examination by Francis J. W. Ford, counsel for Ford, the girl admitted Jimmy appeared doubtful of his marriage plan because of Edith's illness at the hospital.

"Did you know what the sickness was?" she asked.

PG WOMAN'S STORY FLEAVED AS 'HUMBBOG'

Somerville, N. J., Dec. 2.—Charges were made at the Hall-Mills trial today during defense counsel's summation that Raymond Schneider, the youth who discovered the bodies of the Rev. Edward W. Hall and Mrs. Eleanor R. Mills, rifled the rector's pockets and dropped the famous calling card at the scene.

These allegations were the defense's answer to the question: What became of Dr. Hall's gold watch and chain?

Although there has been no testimony to hear it out, Senator Clarence R. Case did not mince words in accusing the Schneider boy, now employed in New Brunswick.

Referring to the calling card which, the State contends, bears the finger print of Willie Stevens, Case said:

"How did that card get there? It tell you, I believe that Raymond Schneider rifled that body and he took the watch and fob and the money, except the loose change. Assuming he had nothing to do with the murders, he went through Dr. Hall's pockets."

Charlotte Mills Expects Jury Will Disagree

By CHARLOTTE MILLS

Somerville, N. J., Dec. 2.—My heart beats frantically as I think that in a few hours now the jury will file through the little courtroom door to give its verdict. What will it be? I wonder.

Taking into account all the things I have heard in the last few days, I am not sure that Mrs. Hall and her two brothers will be found guilty of killing my mother. On the other hand, I am not sure that they will be acquitted either.

Surely all of those twelve men can't be absolutely convinced that the defendants had nothing to do with my mother's death. Surely two or three of them must realize the importance of Senator Simpson's rebuttal testimony by which the defense case was greatly damaged.

I would not be at all surprised to see a disagreement. It seems to me the jury would be forced to disagree in order to stave off reports of prejudice in favor of the defense.

If most of them feel doubtful I can easily see how they might like to turn in a verdict of disagreement and shift the responsibility of a real decision to another jury. My mind is torn with a thousand fears and doubts. I really don't know whether I would prefer a disagreement or acquittal. It seems that I just could not go through with another trial. I would like to know my health permanently, and no one can ever know the terrible strain I have been under since this filing started, and before that for four long years.

Yet, I don't believe I could even become reconciled to an acquittal. Perhaps those people didn't kill my mother, but I think they know more than they have told. And above everything else, I would like to see the mystery cleared up. I can't bear to think that the story is so very dear mother, whoever they are, are never to be punished for this brutal crime.

I cannot see why Senator Simpson was not granted a mistrial order because to me his evidence was very convincing, but still I have great faith in Judge Parker, and he cer-

tainly should know what he is doing. He has been very fair throughout the trial. Senator Simpson got in some good blows before he closed his case. My aunt testified that Dr. Marini had told her he went to see Mrs. Gibson, although the detective denied that he ever saw Mrs. Gibson. I know Aunt Kline is telling the truth. She has nothing to gain by lying. It makes me furious to think that Dr. Marini can get away with that. But I was more furious at Mr. McCarter's speech to the jury. He seemed to be trying to arouse the prejudice of these stupid old men by pointing out that people outside their home county had come in to show them how to run things. To me that was an awfully cheap thing to bring out. What difference does trivial county lines make when justice is at stake?

AGED MUSHERS SAVE TOURISTS IN BLIZZARD

Townsh, Nev., Dec. 2 (A.P.)—Two scores or more of California-bound tourists who were trapped in a blizzard at Montgomery Pass, in the high Sierras near here, are alive today only because of the heroic efforts of two old-time mushers, who effected their rescue when both seemed imminent because of cold and starvation.

The motor caravan, on its way to enjoy Southern California to spend the winter far away from snow and ice, was caught in the Pass in one of the worst storms in years. There were 31 automobiles in the group.

For two days the hapless motorists remained snowed out in the Pass, without food and in a freezing temperature.

Meanwhile, Dan Haskin and Bill Farrington, veteran riders of the West, were pushing through with the motor stage to Elkhorn, Nev., and the rest of the beleaguered tourists ahead. Even though the snow was ten feet deep in places, getting the stage through was a part of the day's work with them, and they were accomplishing the job when they came upon one of the stranded cars. Nine other machines almost crashed with them, were encountered on short distances farther on.

"What did we do with them?" Haskin repeated when asked for an interview. "Well, first we broke trail for them on to Elkhorn, where Warren Davis, who runs a resort there, lined 'em up with turkey and kumplings."

"And then we led 'em to the Hill Springs there, and helped 'em to get into the natural Turkish bath to thaw out—and that was all there was to it."

ONARIO WET; SEES 4 MILLION FROM U. S.

Ontario, Dec. 2 (U.S.A.)—The Province of Ontario, with more than a thousand miles of its boundary line touching the United States, today is "wet" under government control of the sale of liquor by an overwhelming majority as the result of yesterday's general election.

Premier Howard Ferguson, leader of the victorious Conservative party, intimated that before Christmas the flow of "wet goods" would be started all heavily throughout the province. It is estimated by Ontario politicians that the liquor revenues of the United States will in 1927 spend in the Province of Ontario.

The result of the election is as follows: Conservatives, 42; Liberal, 14; Progressives, 13; Liberal Progressives, 2; Independent Liberal, 4; Labor, 1; Prohibition, 1; Two still in doubt, Total, 112.

One of the surprises of the campaign was the failure of the rural vote of the Province of Ontario. The Ferguson government was victorious in one end of the Province to the other. In areas in the vicinity of the United States the "wet" vote was heaviest. Special permits will be granted American tourists. As the result of the outcome of the Ontario vote, but three Canadian provinces now remain "dry." They are New Brunswick, Nova Scotia and Prince Edward Island and this trio soon will vote on the question of government control of the sale of liquor.

Tourists elected 15 "wet" members of the Canadian parliament, 3 and so the voting went across the entire Province.

DOCTORS STAGE HEROIC RESCUE

Climbing to the top of an unfinished building in Chestnut street, Beacon Hill, two Relief Hospital doctors, and the ambulance driver devised a sling and tackle with which they lowered the unconscious form of a workman from the up-right car he had fallen down the street, many feet below.

Dr. James Dumas and Dr. James McKeown, who were on duty in the ambulance, were informed that a workman, Kenneth McKillop, fifty-four, of London street, East Boston, had fallen from the top of the building. The stairway that went up to the top was too narrow to permit carrying the man down on a stretcher. Therefore, the rope sling and tackle were used, the body was snatched about McKillop's body and he was lowered safely to the street. He responded to treatment for heart attack at the hospital and went home.

FOUR BANDITS BLOW SAFE AND WRECK R. R. STATION

Patchogue, N. Y., Dec. 2 (U.S.A.)—Four bandits today partly wrecked the Long Island Railroad station here by blowing open the safe with dynamite. The amount of the robbery is not yet known. The four bound and gagged Thomas Greene, a cleaner, before proceeding to their work. They set off the charge with power from an electric light socket. The bandits sped away in an automobile.

HUB TO ERECT
TABLET TO
ELIHU VALE

A memorial tablet to Elihu Vale, secretary of the University which now bears his name, will be dedicated here January 24, according to announcement made by the Yale Club today. The tablet is to be erected on the north wall of the Suffolk Savings Bank building on Pemberton Hill. The spot is about 225 feet from where Vale is said to have been born.

The delay in marking the birthplace of Yale's benefactor has been caused by the difficulty in ascertaining his antecedents. It has been discovered recently that David Yale, who owned a house near where the new stand, was Elihu's father. This discovery leads to the dedication of the tablet to January. President Angell will dedicate the memorial.

It has long been supposed that Yale, whose benefactions were responsible for the early growth of Yale College, was born in New England, but there has not been until recently any reliable statement as to exactly where. Some authors have stated it was New Haven where the Yale family later lived, and others have mentioned Waterbury.

Records of the latter place, however, there is now no doubt that David Yale, who owned the lot described in the deed, Suffolk deed, was the father of Elihu.

CONNECTICUT BIRTH

RATE IS DECREASING

Hartford, Dec. 2 (A.P.)—A constantly decreasing birthrate which will result in 4,500 fewer births in Connecticut in 1926 than during 1924 is reported in the November number of the bulletin of the State Department of Health.

The bulletin reports a slight increase in the death rate and a noticeable decrease in the marriage rate.

The bulletin reports 31,826 births the first nine months of this year as against 34,418 for 1924, 31,818 in 1925, and 32,742 in 1924. Births in 1925 totaled 47,411, and 9,555 in 1924.

COMMENT ON SOCIAL HAPPENINGS BY BETTY ALDEN

TONIGHT COMES THE EARLY SEASON'S ONE BIG SERVICE BALL, the colorful Army, Navy and Marine Corps affair, all bright with daggers and glitter with service ribbons and gold lace. The sort of occasion when more masculine guests for once take first place and shine in a glory of achievement far outdistancing the handsome gowns of fair femininity. Society will be there; high ranking officers of the three service arms, Army, Navy and Marine, will be there. And many others.

MISS KATHARINE WARREN, A YOUNG NEW YORKER of rare dramatic talent, is a Boston visitor just now. Rather she is a visitor in West Newton, properly speaking, for Mrs. Sumner Robinson of that pleasant suburb is her hostess. Miss Warren, daughter of a rank Warren of New York, is doing dramatic readings and has been corralled, so I hear, for the Ellis Memorial benefit which Mrs. T. Russell Sullivan is arranging for early December.

THE ELLIS MEMORIAL BENEFIT IS A RADICAL DEPARTURE this season from the spectacular skating carnivals Society has come to expect. It's to be a sort of concert-recital, instead of talented ice skaters flashing over the Arena's gleaming ice. But whatever Mrs. T. Russell Sullivan, and the others who work for the Memorial, put on, it will be a red letter event as benefits go.

GIRLS OF PLACE AND IMPORTANCE in the debutante circle continue to have their names written down in shining type on the Winter's scroll. Such a one is Miss Eloise Lawrence, the golden-haired daughter of Mr. and Mrs. John Sibley Lawrence, in whose special honor there was brilliant entertaining last evening. A dinner for sixty-five guests and a dance for some hundreds had Miss Lawrence as central figure.

FOR THE DANCE the official hostess was the young girl's aunt, Miss Martha Silsbee of Lime street, and the affair was another of those colorful occasions at No. 46 Beacon street, in the handsome paneled ballroom that lights so effectively from elaborate cut crystal chandeliers. And wall mirrors give back in duplicate the ever-changing picture. The dinner was at the Lawrence town house in Commonwealth avenue. And the sixty-five guests included the usher squad, under Samuel Warren's leadership; some of the buds, and a number of Mr. and Mrs. Lawrence's intimate circle, which circle includes the lively hunting set of Myopians.

PALE PINK SET OFF perfectly Miss Lawrence's rose leaf cheeks and golden hair. It was a tulle frock, the snug lines of the basque frothing out into a flilly skirt, with a glint of silver at the waistline. Mrs. Lawrence was in a straight line robe of green covered with glittering pastel-tinted head bakes and Miss Silsbee was in cream satin.

THIS EVENING Miss Helen Rust, debutante daughter of Mr. and Mrs. Paul Drummond Rust of Commonwealth avenue, is down for debutante celebrations. Her parents are giving a large dinner at the Hotel Somerset, and there is a dinner for ushers and young girl guests. J. Dudley Clark is head usher, directing a corps of thirty-five or more.

WOMAN'S CLUB FIGHTS TAX ON ITS PROPERTY. The right of the City of Newton to tax club property of the Newton Centre Woman's Club, Inc., was argued before the full bench of the Superior Court. The club claims its purposes are benevolent, literary and charitable within the meaning of the General Laws, Chapter 23, and therefore is exempt from taxation. Judge Donahue of the Superior Court ruled that it must be taxed and ordered an abatement.

DEMANDS STREET SIGNS IN LETTER TO CITY OFFICIAL. Demand for immediate action toward remedying the city's lack of street signs was voiced in a letter from Pitt-Henry Smith, Jr., chairman of the committee on municipal and metropolitan affairs of the Chamber of Commerce, to Joshua Atwood, division engineer of the city's public works department.

CASTORIA

Why Castoria?
Years ago Castor Oil, Peppermint Drops and Soothing
Syrups were the remedies in common use for Infants and
Children; Castor Oil so nauseating as to be almost impos-
sible and the others all containing Opium in one form or
another, but so disguised as to make them pleasant to the
taste, yet really to stupefy the child and give the appearance
of relief from pain.
It required years of research to find a purely vegetable
combination that would take the place of these disagree-
able, unpleasant and vicious remedies that from habit had
become almost universal. This was the inception of, and the
reason for, the introduction of Fletcher's Castoria, and for
over 30 years it has proven its worth, received the praise of
Physicians everywhere and become a household word among
mothers.
A remedy ESPECIALLY prepared for Infants and Chil-
dren and mothers would think of giving to her baby a
remedy that she would use for herself, without consulting a
physician.
Fletcher's Castoria safely relieves
Constipation Wind Colic To Sweeten Stomachs
Flatulence Diarrhea Regulate Bowels
Aids in the assimilation of Food, promoting Cheerfulness, Rest and
Natural Sleep without Opium.
To avoid imitations, always look for the signature of Dr. J. C. Fletcher
Proven directions on each package. Physicians everywhere recommend it.

Love-Teaching Pastor Says

Parents of Opposite Natures

Have Healthiest Children

"SPATS" EXPECTED
 The pastor says marriage is not primarily for happiness although it may be a life-long happiness. He says it is a God's way of developing humanity. He gives a list of "don'ts" for flappers.

FROWNS ON SUCH MARRIAGES
 Men of his should marry girls of 16, says the Rev. Mr. Rust, although he believes a woman can be happy with a man twice her age. He also recommends that differences in religion should not interfere.

MINISTER CONDUCTS LOVE COURSE
 The Rev. Charles Herbert Rust does not frown upon getting among couples, provided they are truly in love. He gives lessons in Plymouth Congregational Church, Worcester.

BACKS MATING OF OPPOSITES
 He believes that parents of opposite natures, such as a flapper and a serious-minded husband, have the healthiest children. Players at Plaza Theatre, Worcester, illustrate pastor's theories.

Yesterday the American and Advertiser gained 191 classified ads over the corresponding day of last year.

A Thrilling Romance of Modern Youth in Boston

READ THIS FIRST

HONEY LOU HUNTLEY is private secretary to old "GRUMPY" WALLACK, head of the Wallack factory.

Everyone likes her. She fears JOE MEADOWS, the shipping clerk.

Honey Lou sees JACK WALLACK, "Grumpy's" only son, she likes him looks better than those of any other man she has ever seen. That night when he leaves the building he is waiting for her. He asks her to ride home with him. But with her nose in the air Honey walks on.

One night Honey Lou goes for a drive with Jack, with whom she has fallen suddenly and violently in love. But when he kisses her, Honey Lou slaps his face.

Her mother has brought her up to believe that a kiss is an insult from a man unless he means to marry the girl he kisses. Honey Lou gets out of the car and starts home.

Young Wallack apologizes. Honey Lou explains to him that love-making is an insult to a girl unless the man intends to marry her, and they part friends.

(NOW GO ON WITH THE STORY)

CHAPTER I

ONLY a faint light shined in the pretty room of Honey Lou Huntley. Her brown eyes were closed and she was sleeping. Her face was like a flower.

On the other side of the room, Margaret, her young sister, with her hair pulled up in a bun, was sitting up in bed, looking at her clock and frowning. She was already late for school.

But Honey Lou is not fond of school. She is a student in the evening school, and she is not fond of it either. She is a student in the evening school, and she is not fond of it either.

Coaches Join Fight Against Tie Scores in Grid Battles

By BIRNEY P. LYNCH

BRANDING football tie scores as a blot on the spirit of the game, the coaches of the various colleges are joining in a fight against the practice. A good way to settle these tie games is to have the two teams play at a specified distance from the goal and a team which scores first wins the game.

Joy Declares Rule Reform Needed

From far-off Seattle comes a brand new suggestion made by George Scherck, sports editor of the Seattle Post-Intelligencer. Scherck says he thinks the right way to end football games which have the team awarded the victory is to have the ball placed in the hands of the losing team at the end of the game. This would mean that the team which is awarded the victory would have to play the rest of the game with the ball in the hands of the losing team.

Fans Show Interest in Agitation

From far-off Seattle comes a brand new suggestion made by George Scherck, sports editor of the Seattle Post-Intelligencer. Scherck says he thinks the right way to end football games which have the team awarded the victory is to have the ball placed in the hands of the losing team at the end of the game.

"Let the periods stand as at present and if the game ends in a tie the team which scores the most first downs the decision. If that fails to end the game decisively let both teams try for field goals from specified distances until one or the other misses."

Another unusual article comes from the pen of Arthur B. Wright, also of Seattle, who says:

"I would be my suggestion to have the team in possession of the ball at the final whistle try for a field goal. If in their opponent's territory the point where the ball is in play. If the ball is in their own territory let them try for a field goal. If the ball is in their own territory let them try for a field goal. If the ball is in their own territory let them try for a field goal."

Noted Official Advances New Way to Help Eliminate Tie Games

New Haven, Ct., Dec. 2 (A.P.)—A plan of the time at the end of the game to have the team in possession of the ball try for a field goal is suggested by Walter L. Shaw, who is a former Lafayette College football player and now connected with the Central Board of football officials. He has a plan to have the team in possession of the ball try for a field goal at the end of the game.

real athlete and gives promise of

carrying out all the good things

that have been said about him.

The inline skater has a strong

rushing style that he believes will

crush the Irish angler's best at

the end of the year.

Pat McGill, Lithuanian star, will

have the best of it for him when

he meets him in the final round.

Managers' Record Screen This Year

Eight Went in 1911 Small College Teams

MANAGERIAL RECORD IS DANGER

MANAGERIAL shifts are coming so rapidly these times that

only two more are needed to wreck the major league re-

cord for changes in the single year. Seven clubs have juggled

pilots already this Fall, and the end may not be yet. Back in

1911, from the start of the campaign down to the beginning

of the season, eight shifts were given the air. The most important change

was that of Jake Schell to the Red Sox, vice Pat

Dolan. Jake proceeded to win the 1912 con-

fession and the ensuing long series with the

Giants. Hugh Duffy took Jimmy Callahan's

place with the White Sox, George Stovall re-

placed Harry Davis at Cleveland, and was later

fired himself and Eddy Wallace took the job.

Clark Griffith stepped in at Washington for

Jimmy McAleer, who came to Boston as Red

Sox owner. Harry Wolverton ousted Hal

Chase with the New York Yankees, Johnny Kling came to the

Boston Nationals, where Fred Tenney tossed up the sponge, and

Henery Hank O'Day, the famous umpire, grabbed off Griffith's

berth with Cincinnati. Eight changes, as you'll find if you

consult the record.
